3. KAJ JE NALOŽBENO ZLATO | WHAT IS INVESTMENT GOLD

Naložbeno zlato je posebna oblika zlata, ki se kot naložbeni instrument uporablja na podoben način kot na primer vrednostni papirji. Lahko je na voljo v obliki zlatih palic ali kovancev z visoko stopnjo čistosti (do 999,9) in določeno težo, ki se ne kupujejo samo za zbirke, temveč tudi kot naložba. Naložbeno zlato je varen način vlaganja kapitala.

Investment gold is a specific form of gold that is used as an investment instrument in much the same way as securities, for example. It might be offered in the form of gold ingots (bars) or coins with a high degree of fineness (up to 999.9) and defined weight, not purchased only for collections, but also as an investment. Investment gold is a safe way of investing capital.

4. NALOŽBENO ZLATO IN DDV | INVESTMENT GOLD AND VAT

Naložbeno zlato je oproščeno plačila DDV v vseh državah Evropske unije skladno z direktivami Evropske unije. V drugih državah to vprašanje urejajo pravila davčnih predpisov posamezne države glede uvoza naložbenega zlata.

Investment gold is exempt from VAT in all countries of the European Union in line with European Union directives. Other countries are governed by the rules of the tax regulations of the particular country in relation to the import of investment gold.

5. KAJ JE ČISTOST | WHAT IS FINENESS

Čistost je numerični podatek o sorazmernem masnem deležu plemenite kovine v predmetu ali palici. Čistost se tradicionalno izraža v karatih ali na podlagi sodobnejše metode "po teži na tisoč enot". Kar zadeva karate, upoštevamo opredelitev, da ima zlato z vsebnostjo 1.000 g na kg čistost 24 karatov. En karat je enak 1/24 teže; čista kovina je torej 24-karatna. Metoda merjenja po teži na tisoč enot je dejansko podobna – številka (na splošno trimestrana) določa, koliko delcev čiste kovine je v tisoč delih palice; čista kovina je označena z 999,0 ali več.

Fineness is numerical data about the proportionate weight content of precious metal in an object or ingot. Fineness is expressed traditionally in carats or using the more modern "millesimal" method. As far as carats are concerned, we draw on the definition that the fineness of gold of a content of 1,000 g per kg has fineness of 24 carats. One carat equals 1/24 of the weight; pure metal is therefore 24-carat. The millesimal method is de facto similar - a number (generally three digit) determines how many particles of pure metal are found in a thousand parts of the ingot; pure metal is marked 999.0 and upwards.

6. KAJ JE NALOŽBENA PALICA | WHAT IS AN INVESTMENT INGOT

Naložbena palica je izraz, ki se uporablja za fizično obliko naložbene kovine. Tako obdelana naložbena kovina je opremljena z žigom s serijsko številko, težo, čistostjo, vrsto kovine in proizvajalcem. Ti podatki so navedeni tudi v certifikatu o pristnosti, ki je priložen palici.

Investment ingot is the term used for a physical type of investment metal. Investment metal processed in this way is marked with a stamped serial number, the weight, fineness, type of metal, and manufacturer. This information is also stated in the certificate of authenticity that is provided together with the ingot.

7. KAJ JE NALOŽBENI KOVANEC | WHAT IS AN INVESTMENT COIN

Naložbeni kovanec je izraz, ki se uporablja za fizično obliko naložbene kovine. Tako obdelana naložbena kovina je opremljena z žigom z nominalno vrednostjo, težo, čistostjo, vrsto kovine, letnico kovanja in proizvajalcem. Kovancu je priložen certifikat o pristnosti.

Investment coin is the term used for a physical type of investment metal. Investment metal processed in this way is marked with a stamped nominal value, the weight, fineness, type of metal, year of mintage, and manufacturer. A certificate of authenticity is provided together with the coin.

8. KAJ JE KOMPLET NALOŽBENIH PALIC ALI KOVANCEV | WHAT IS A SET OF INVESTMENT INGOTS OR COINS

Komplet je zbirka nedvoumno določenega števila palic ali kovancev, ki jih dobavi Prodajalec kot celoto – posameznih palic ali kovancev v kompletu ni mogoče dobaviti posebej.

A set is a assemblage of an unambiguously specified number of ingots or coins that is supplied by the Seller as a whole - the individual ingots or coins in the set cannot be supplied separately.

9. CERTIFIKAT O PRISTNOSTI | CERTIFICATE OF AUTHENTICITY

Certifikat o pristnosti boste prejeli skupaj z naložbeno palico, kovancem ali kompletom. Certifikat o pristnosti navaja naslednje:

A certificate of authenticity will be provided to you together with the investment ingot, coin, or set. The certificate of authenticity states the following:

- številko, podatke o čistosti, teži, naložbeni kovini in proizvajalcu v primeru palic in/ali kompletov palic;
a number, data about the fineness, the weight, the investment metal, and the manufacturer in the case of ingots and/or sets of ingots;
- nominalno vrednost, težo, čistost, vrsto kovine in proizvajalca v primeru kovancev in/ali kompletov kovancev.
the nominal value, weight, fineness, type of metal, and manufacturer in the case of coins and/or sets of coins.

Ti podatki so identični tistim, ki so odtisnjeni na palici ali kovancu. Certifikat o pristnosti je lahko del originalne zaščitne embalaže ali dostavljen posebej. Proizvajalec ali dobavitelj palice, kovanca ali kompleta določi obliko certifikata o pristnosti.

These data are identical to those stamped on the ingot or coin. The certificate of authenticity might be part of original security packaging or supplied loose. The manufacturer or supplier of the ingot, coin, or set determines the form of the certificate of authenticity.

Prodajalec jamči, da ste prvi lastnik kupljenih palic, kovancev in/ali kompletov.

The Seller guarantees that you are the first owner of the purchased investment ingots, coins, and/or sets.

10. KAJ JE IIPLAN GOLD® | WHAT IS IIPLAN GOLD®

iiplanGold® je označení pro inteligentní investiční plán, který Vám umožňuje nákup investičních cenných kovů ve formě litého slitku o hmotnosti 1 000 gramů (dále jen „Předmět koupě“) postupným nákupem jeho hmotnosti, a navíc nabízí možnost průběžných výběrů (ve formě investičního zlata i peněz) či převodu nakoupených gramů na smlouvu iiplanRentier®, iiplanMax® nebo jinou smlouvu iiplanGold®, příp. v budoucnu na jinou smlouvu, která je evidovaná u Prodávajícího. Hmotnost Vámi nakoupeného investičního kovu Prodávající eviduje na tzv. Váhovém kontě (dále jen „Váhové konto“). Smlouvu sjednáváte na dobu neurčitou.

iiplanGold® vam omogoča najnižjo ceno fizičnega naložbenega zlata. Privlačna cena ni edina prednost – kupili boste čisto zlato, ki prihaja iz prestižne rafinerije PAMP v Švici in ga je mogoče preveriti prek VERISCAN™. VERISCAN™ je edinstvena tehnologija, ki jo uporablja PAMP za zelo preprosto preverjanje pristnosti palic ali kovancev, ne da bi jih poškodovali.

iiplanGold® brings you the lowest price of physical investment gold. The attractive price is not the only advantage - you buy pure gold that comes from the prestigious PAMP refiner in Switzerland and that can be verified via VERISCAN™. VERISCAN™ is a unique type of technology used by PAMP that makes it possible to verify the authenticity of ingots or coins very easily, and without damaging them.

Pri rednih nakupih ni negativnih vplivov nihanj cen. Tveganje je manjše zlasti v primeru rednih naložb – tudi prek več desetletij. Poglavitni razlog za to je t. i. učinek povprečenja cen. Lahko redno vlagate enak znesek, vendar zaradi gibanja cen naložbenih plemenitih kovin kovino vsakič kupite po drugačni ceni.

Regular purchases eliminates the negative impacts of price fluctuations. The risk is minimised particularly in the case of regular investment, even over several decades. What is known as the price averaging effect is primarily responsible for this. You might regularly invest the same amount, but movements in the prices of investment precious metals mean that you buy at a different price every time.

Sami odločate, kako pogosto in koliko let želite kupovati to obliko naložbene kovine. Lahko sklenete neomejeno število pogodb. V času veljavnosti Pogodbe boste imeli možnost izrednih plačil, s katerimi pospešite nakup izbrane plemenite kovine ali predmeta nakupa. Prav tako imate možnost spremeniti znesek svoje redne naložbe ali prekiniti plačila, svojo pogodbo pa lahko prenesete tudi na drugo osebo. Zato imate popolno svobodo pri izbiri naložbenega načina.

You alone decide how often you want to buy this form of investment metal and for how many years. You can arrange an unlimited number of Contracts. Throughout the effect of the Contract, you will have the opportunity to send extraordinary payments and in doing so speed up the purchase of the chosen precious metal, or Subject-matter of Purchase. You also have the opportunity to change the size of your regular investment or to interrupt payments and you can also transfer your Contract to another person. You therefore have absolute freedom in your style of investment.

11. KAJ JE RAČUN | WHAT IS AN ACCOUNT

Vsa plačila in delni nakupi naložbenega zlata so shranjeni v težnem računu. Stanje težnega računa je izraženo v gramih z natančnostjo 6 decimalnih mest. V vašem uporabniškem računu Prodajalec navede točno vrednost vašega težnega računa za plačilo z zlatom ali gotovino ali za nakazilo v gramih. Poleg trenutne vrednosti obstaja tudi takoj imenovana razpoložljiva vrednost vašega računa, kjer se upošteva plačilo za uspešno prodajo naložbenega zlata.

All payments and partial purchases of investment gold are kept in the Weight Account. The balance of the Weight Account is stated in grams with an accuracy of 6 decimal places. In your Customer Account, the Seller indicates the exact value of your Weight Account for Gold Payment, Cash Payment or Gram Transfer. In addition to the current value, there is a so-called disponibile value of your account, which takes into account the Remuneration for procuring the sale of investment gold.

VSTOPNI CENOVNI PРИБИТЕК ЗА ПРВИ КОС ПРЕДМЕТА НАКУПА | INPUT PRICE INCREASE FOR THE FIRST PIECE OF THE SUBJECT-MATTER OF PURCHASE

Nakupna cena prvega kosa Predmeta nakupa vključuje vstopni cenovni pribitek v skladu z delom 32 teh informacij, ki je naveden v predlogu za sklenitev Pogodbe skladno s Cenikom nadomestil in storitev (v nadalnjem besedilu: "Vstopni cenovni pribitek").

The purchase price of the first piece of the Subject-matter of Purchase includes an input price increase according to part

32. of this Information, which is enumerated in the proposal to enter into a Contract according to the Price List of Fees and Services (hereinafter referred to as the "Input Price Increase").

Znesek Vstopnega cenovnega pribitka je nespremenljiv ne glede na skupno število kosov Predmeta nakupa, ki jih kupite v skladu s Pogodbo, tj. Vstopni cenovni pribitek plačate le enkrat. Vstopni cenovni pribitek se vrne v obliki Odkupne premije iiplanGold® skladno s pogoji iz Pogodbe. Informacije o zvišanju Vstopnega cenovnega pribitka za en kos so na voljo na spletni Strani Prodajalca. Dejanski znesek na dan predložitve informacij je naveden v delu 32 teh informacij (v nadalnjem besedilu: "Cenik nadomestil in storitev"). Število pred poševnico določa delež plačila, ki se bo uporabil za kritje vstopnega cenovnega pribitka. Število za poševnico določa delež plačila, ki se bo uporabil za nakup naložbene kovine. Ko je vstopni cenovni pribitek plačan v celoti, se vsa plačila, ki jih izvedete, uporabijo za nakup naložbene kovine.

The type of contract is shown in the Contract and this dictates the ratio in which all payments which you make are automatically divided by the Seller until the time of full payment of the Input Price Increase. The number before the slash determines the % of the payment that shall be used to cover the Input Price Increase. The number after the slash determines the % of the payment that shall be used for the purchase of investment metal. The owner of that account/payment card must be clearly stated in the header to the proposal to conclude a Contract.

- Pogodba je sklenjena, ko se potrditveno plačilo nakaže na račun Prodajalca. Potrditveno plačilo je treba nakazati na račun Prodajalca najpozneje do 11:00 po CET 15. koledarski dan po datumu, ko prejmete predlog za sklenitev Pogodbe na svoj Račun stranke in/ali e-naslov. Prodajalec potrdi, da je sklenil Pogodbo, v sporočilu, ki ga pošlje na vaš Račun stranke in/ali vaš e-naslov, naveden v glavi predloga za sklenitev Pogodbe.

The Contract is concluded when the confirming payment is credited to the Seller's account. However, the confirming payment must be credited to the Seller's account not later than by 11:00 a.m. CET of the 15th calendar day following the date on which you receive the proposal to conclude a Contract at your Customer's Account and/or your email address. The Seller confirms having concluded a Contract in a message sent to your Customer's Account and/or your email address stated in the header to the proposal to conclude a Contract.

Potrditveno plačilo (po odbitku vseh bančnih stroškov, povezanih s prejemom plačila) se uporabi za plačilo Vstopnega cenovnega pribitka in/ali za nakup naložbene kovine v razmerju glede na vrsto pogodbe.

The confirming payment (after the deduction of any bank charges associated with receiving the payment) shall be used to pay the Input Price Increase and/or for the purchase of investment metal in the ratio according to the type of contract.

Če Prodajalec prejme Potrditveno plačilo v roku za sprejem predloga za sklenitev Pogodbe, vendar brez ustrezne številke Pogodbe v opisu transakcije (variabilnega simbola) ali z napačno številko Pogodbe, vas bo o tem obvestil na vaš Račun stranke in/ali e-naslov. Nato morate v sedmih (7) koledarskih dneh opredeliti potrditveno plačilo, kar morate storiti z e-naslova, navedenega v glavi predloga za sklenitev Pogodbe. V tem elektronskem sporočilu mora biti navedeno:

If the Seller receives a confirming payment within the time limit for acceptance of the proposal to conclude a Contract, but without the relevant Contract number in the description of the transaction (variable symbol), or with the wrong Contract number, it will inform you of this at your Customer's Account and/or your email address. You then have a time limit of 7 calendar days to identify the confirming payment, which you should do from the e-mail address stated in the header to the proposal to conclude a Contract. The following must be stated in that e-mail:

- dan plačila;
the payment day;
- znesek plačila;
the size of the payment;
- številka računa/plaćilna kartica;
the account number/payment card;
- ime lastnika računa/plaćilne kartice in
the name of the account/payment card owner; and
- pravilna številka Pogodbe.
the correct Contract number.

Prodajalec zatem potrdi sklenitev Pogodbe v sporočilu, ki ga pošlje na vaš Račun stranke in/ali e-naslov. Pogodba je sklenjena, ko od Prodajalca prejmete potrditveno sporočilo na svoj Račun stranke in/ali e-naslov. V izogib dvomu velja, da lahko Prodajalec potrdi sklenitev Pogodbe tudi po predpisanim roku, ko od vas prejme elektronsko sporočilo, v katerem je potrditveno plačilo v zadostni meri opredeljeno skladno z zgoraj navedenim.

The Seller thereafter confirms that the Contract has been concluded by sending a message to your Customer's Account and/or your e-mail address. The Contract is concluded when you receive the confirming message from the Seller at your Customer's Account and/or your e-mail address. For the avoidance of doubt, it is stated that the Seller may confirm the conclusion of a Contract even when it receives an e-mail from you which identifies the confirming payment to a sufficient extent according to the above at a time later than within the required time limit.

Če Prodajalec prejme potrditveno plačilo pozneje kot v roku, določenem zgoraj, se Pogodba sklene le, če vas Prodajalec o tem obvesti na vaš Račun stranke in/ali e-naslov najpozneje v petih (5) Delovnih dneh po datumu prejema takega plačila.

Should the Seller receive the confirming payment at a time later than within the time limit specified above, the Contract shall only be concluded if the Seller notifies you of this at your Customer's Account and/or e-mail address not later than 5 Business Days after the date of receiving such payment.

Sprejetje predloga za sklenitev Pogodbe z dopolnitvijo ali spremembo je vnaprej izključeno, razen če gre za spremembo, za katero vam je Prodajalec skupaj s Pogodbo poslal tudi pisni predlog za sklenitev na vaš Račun stranke in/ali e-naslov, naveden v glavi predloga za sklenitev Pogodbe. V takšnem primeru se Pogodba sklene v besedilu dogovorjenih sprememb.

The acceptance of a proposal to conclude a Contract with an amendment or variation is precluded in advance, unless it is an amendment for which a written proposal to conclude a Contract has been sent to you by the Seller together with the Contract to your Customer's Account and/or e-mail address specified in the header to the proposal to conclude a Contract. In such case the Contract is concluded in the wording of the arranged amendments.

18. RAČUN STRANKE | CUSTOMER'S ACCOUNT

Na spletinem mestu Prodajalca ustvarite Račun stranke, v katerega se morate prijaviti, preden se vam pošlje osnutek Pogodbe. Dostop do Računa stranke imate tako, da vnesete ime za prijavo, geslo in, odvisno od primera, varnostno avtorizacijsko kodo. Dokumenti in informacije, ki jih Prodajalec pošlje na Račun stranke v obliki sporočil, se shranijo na tem računu za morebitno reprodukcijo, pri čemer Prodajalec vsebine poslanih sporočil ne sme enostransko spremeniti.

Set up a Customer's Account at the Website of the Seller, which you must log into before a draft Contract is sent to you. The Customer's Account is accessible to you by entering a login name, password and, as the case may be, security authorisation code. Documents and information sent by the Seller to the Customer's Account in the form of messages shall be stored at that account for possible reproduction, whereby the content of sent messages may not be unilaterally altered by the Seller.

Prodajalec na vaš Račun stranke in/ali e-naslov pošlje osnutek Pogodbe, osnutek dodatkov k Pogodbi, podatke o sklenitvi Pogodbe ali dodatkov k Pogodbi, vse podatke v skladu s Pogodbo, tj. potrditev Pogodb o delnem nakupu z navedbo Dejanske cene Predmeta nakupa na dan sklenitve Pogodbe o delnem nakupu in teže kupljene naložbene kovine, potrditev Pogodb o delni prodaji z navedbo prodajne cene in/ali teže prodane naložbene kovine, informacije o odpromi predmeta nakupa kupcu ali potrdilo o medsebojni poravnavi v primeru odpovedi Pogodbe ali potrditev poteka Pogodbe. Prodajalec lahko na vaš Račun stranke pošlje tudi tržne informacije, če s tem soglašate. Sporočilo vam je dostavljeno, ko ga prejmete na Račun stranke.

The Seller shall send to your Customer's Account and/or to your e-mail address the draft Contract, draft amendments to the Contract, information on entering into the Contract or amendments to the Contract, all information according to the Contract, i.e. confirmation of Partial Purchase Contracts stating the Actual Price of the Subject-matter of Purchase on the date of concluding the Partial Purchase Contract and the weight of the purchased investment metal, confirmation of Partial Sales Contracts stating the Sales Price, and/or the weight of the investment metal sold, information about the dispatch of the Subject-matter of Purchase to the Buyer, or confirmation of reciprocal settlement in the case of notice of the Contract, or confirmation of the expiration of the Contract. The Seller may also send marketing information to your Customer's Account, should you give your consent to this. A message has been delivered to you when it has been received at the Customer's Account.

S podatki za prijavo v Račun stranke morate ravnati skrbno in previdno, da bi preprečili zlorabo le-teh. Zlasti gesla ne shranite v brskalnik ali na trdi disk, redno preverjajte sporočila, prejeta v Računu stranke, vedno uporabljajte močno geslo (najbolje kombinacijo majhnih in velikih črk s številkami in posebnimi znaki, upoštevajoč dolžino gesla), redno ga spremenjajte in v primeru suma, da je bilo geslo zlorabljen, brez odlašanja o vsem obvestite Prodajalca. Odgovorni ste za vso uporabo Računa stranke, vključno z uporabo s strani tretjih oseb, ne glede na to, kako te tretje osebe pridobijo dostop do vašega Računa stranke. Prodajalec ne odgovarja za zlorabo Računa stranke s strani tretjih oseb, zlasti za izvrševanje

morebitnih navodil, ki jih prek Računa stranke posredujejo tretje osebe. Izrecno potrjujete pravilnost mobilne telefonske številke, navedene v glavi te Pogodbe, in izjavljate, da je to številka vašega mobilnega telefona, ki se lahko uporablja za avtorizacijo v skladu s Pogodbo. Zagotovite, da je vaš mobilni telefon dovolj varen, da ga ne bo mogoče zlorabiti (predvsem v zvezi z ustvarjanjem varnostnih avtorizacijskih kod).

You must handle the login data for the Customer's Account carefully and with caution in order to prevent the misuse of that data. In particular, do not save the password in the browser or on a hard disk, regularly check the messages received in the Customer's Account, invariably use a strong password (best of all a combination of small letters and capitals combined with numbers and special characters, whilst keeping to the length of the password), regularly change the password and, if suspecting that the password has been misused, report everything to the Seller without delay. You are responsible for all use of the Customer's Account, including the use of that account by third parties, irrespective of the way in which such third parties obtain access to your Customer's Account. The Seller is not liable for misuse of the Client Account by third parties, in particular for the execution of any instructions submitted through the Client Account by such third parties. You expressly confirm the correctness of the mobile telephone number stated in the header to the Contract and declare that this is your mobile telephone number, which may be used for the purpose of authorisation according to the Contract. Make sure that your mobile telephone is sufficiently secure such that there can be no misuse of that mobile telephone (primarily with regard to the generation of security authorisation codes).

Prostřednictvím Zákaznického účtu můžete také provést elektronické podepsání dokumentů, které Prodávající umožňuje touto formou podepsat. Přihlásíte se na Zákaznický účet, vyplníte příslušný formulář a potvrďte jej bezpečnostním autorizačním kódem, mobilní aplikací, případně jiným obdobně spolehlivým způsobem, který Prodávající v budoucnu umožní.

Prostřednictvím Zákaznického účtu můžete také provést elektronické podepsání dokumentů, které Prodávající umožňuje touto formou podepsat. Přihlásíte se na Zákaznický účet, vyplníte příslušný formulář a potvrďte jej bezpečnostním autorizačním kódem, mobilní aplikací, případně jiným obdobně spolehlivým způsobem, který Prodávající v budoucnu umožní.

S tem zagotovite, da ste osnutek dokumenta veljavno podpisali. Elektronski podpis Prodajalca se naknadno doda osnutku dokumenta in podpisani dokument se pošije na vaš Račun stranke in/ali e-naslov.

By doing this, you ensure that the draft document has been validly signed by you. The electronic signature of the Seller is subsequently added to the draft document and the signed document is sent to your Customer's Account and/or your e-mail address.

19. KAKO PLAČATE | HOW DO YOU PAY

Plaćila morajo biti izvedena na bančni račun Prodajalca s plačilnim nalogom, trajnim nalogom, poštno nakaznico (gotovina na račun), plačilno kartico ali pologom gotovine na bančni račun Prodajalca.

Payments must be made into the bank account of the Seller by way of payment instruction, standing order, postal order (cash into account), payment card, or depositing cash into the Seller's bank account.

Številka računa Prodajalca in številka Pogodbe (variabilni simbol) sta del predloga za sklenitev Pogodbe v skladu z delom 17. teh informacij.

The Seller's account number and the Contract number (variable symbol) are part of the proposal to conclude a Contract according to part 17. of this Information.

Če se Prodajalcu zaračuna bančna provizija v zvezi s prejemom plačil na njegov račun, se ta provizija odšteje od plačila, ki ste ga poslali.

If the Seller is charged a bank charge in connection with receiving your payments into its account, this charge will be deducted from the payment you have sent.

Cena Predmeta nakupa vključuje DDV in je odvisna od gibanj na finančnem trgu, ki so neodvisna od Prodajalčeve volje. Na ceno Predmeta nakupa vplivata cena naložbenih kovin na borzi plemenitih kovin in menjalni tečaj. Dejanska nakupna cena Predmeta nakupa je določena v Ceniku za nakup, ki je na voljo na spletni strani prodajalca (v nadalnjem besedilu: "Cenik za nakup"). Nakupna cena je objavljena v Ceniku za nakup od ponedeljka do petka, in sicer vedno ob 18:00 po srednjeevropskem času (v nadalnjem besedilu: "CET"), s takojšnjim učinkom in učinkom za naslednji dan ter, odvisno od primera, za druge dni, ko nakupna cena ni objavljena v Ceniku za nakup skladno s prvim delom te povedi (v nadalnjem besedilu: "Dejanska cena"). Cenik za nakup ni predlog za sklenitev Pogodb, temveč je poziv k oddaji predlogov za sklenitev Pogodb.

The price of the Subject-matter of Purchase is inclusive of VAT and depends on movements on the financial market, which are independent of the will of the Seller. The price of the Subject-matter of Purchase is influenced by the price of investment precious metals on the precious metals exchange and the currency exchange rate. The actual purchase price of the Subject-matter of Purchase is specified in the Purchase Price List, which is available at the Website of the Seller (hereinafter referred to as the "Purchase Price List"). The purchase price is published in the Purchase Price List from Monday through Friday, invariably after 18:00 p.m. Central European Time (hereinafter referred to as "CET"), with immediate effect and with effect for the following day and, as the case may be, for other days when the purchase price is not published in the Purchase Price List according to the first part of this sentence (hereinafter referred to as the "Actual Price"). The Purchase Price List is not a proposal to conclude a Contract, but instead a call to submit proposals to conclude a Contract.

Nakup naložbene kovine za namen dobave Predmeta nakupa poteka v fazah prek Pogodb o delnem nakupu (v nadalnjem besedilu: "Pogoda o delnem nakupu"). Pogoda o delnem nakupu se sklene tako, da nakažeš ali položite določen znesek na prodajalčev bančni račun v skladu z Dejansko ceno naložbene kovine za Predmet nakupa, pri čemer v opisu transakcije (variabilni simbol) navedete številko Pogodbe. Znesek, nakazan na Prodajalčev račun na omenjeni način (po odbitku vseh bančnih stroškov, povezanih s prejemom plačila), je vaš nepreklicen predlog za sklenitev Pogodbe o delnem nakupu po nakupni ceni, ki ustrezata tako nakazanemu znesku, zmanjšanjem za ustrezni znesek Vstopnega cenovnega pribitka (v nadalnjem besedilu: "Nakupna cena"), in sicer za težo, ki ustrezata razmerju med plačano Nakupno ceno in Dejansko ceno naložbene kovine za zadevni Predmet nakupa, veljavno na dan, ko se znesek knjiži v dobro Prodajalčevega računa. Pogoda o delnem nakupu se sklene pod pogojem, da teža kupljene naložbene kovine ni več kot 10 % manjša od teže take naložbene kovine, ki bi ustrezala Dejanski ceni na dan zapadlosti brezgotovinskega plačilnega naloga ali na dan pologa sredstev na Prodajalčev račun (v nadalnjem besedilu: "Največje odstopanje kupljene teže"). Mogoč je neomejen nakup večje teže Predmeta nakupa. Teža kupljene naložbene kovine se določi v gramih do šest decimalnih mest natančno.

The purchase of investment metal for the purpose of delivery of the Subject-matter of Purchase proceeds in stages through Partial Purchase Contracts (hereinafter referred to as a "Partial Purchase Contract"). A Partial Purchase Contract is concluded such that you transfer or deposit an amount of money into the Seller's account, stating the number of the Contract in the description of the transaction (variable symbol), according to the Actual Price of investment metal for the relevant Subject-matter of Purchase. The amount credited to the Seller's account in this way (following the deduction of any bank charges associated with receiving the payment) is your irrevocable proposal to conclude a Partial Purchase Contract at a purchase price that corresponds to the amount credited in this way, reduced by the relevant amount of the Input Price Increase (hereinafter referred to as the "purchase price"), in a weight which corresponds to the ratio of the paid purchase price and the Actual Price of investment metal for the relevant Subject-matter of Purchase valid on the day on which the sum of money is credited to the Seller's account. A Partial Purchase Contract is concluded on the condition that the weight of the purchased investment metal is not more than 10 % lower than the weight of such investment metal that would correspond to the Actual Price on the due date of payment of a cashless payment instruction or on the day of depositing funds into the Seller's account (hereinafter referred to as the "Maximum Weight Deviation"). A higher weight of the relevant Subject-matter of Purchase can be purchased without limitation. Determination of the weight of purchased investment metal is done in grams, with accuracy to six decimal points.

Znesek je plačan v trenutku, ko se nakaže na prodajalčev račun, če je nakazan do 11:00 na delovni dan po CET; v nasprotnem primeru se šteje, da je bil plačan naslednji delovni dan (v nadalnjem besedilu: "Dan plačila"). Za namene Pogodbe se kot delovni dan šteje vsak delovni dan, ko so banke v državi sedeža prodajalca običajno odprte za opravljanje bančnih storitev (v nadalnjem besedilu: "Delovni dan"). Če Prodajalec ne more ugotoviti zneska, ker je bila v opisu transakcije (variabilni simbol) napačno navedena številka Pogodbe, velja, da je Dan plačila prvi Delovni dan, ko Prodajalec pred 11:00 po CET ugotovi, da je bilo plačilo izvedeno.

A financial amount has been paid at the instant at which it is credited to the Seller's account, if it is credited by 11:00 a.m. CET on a Business Day; otherwise it is considered as having been paid on the next business day (hereinafter referred to as the "Payment Day"). A Business Day is understood for the purposes of the Contract to be each business day on which banks are open as standard in the country of the registered office of the Seller for the provision of banking services (hereinafter referred to as a "Business Day"). If the Seller is unable to identify a financial amount in light of the Contract number having been wrongly entered in the description of the transaction (variable symbol), it stands that the Payment Day is the first Business Day on which you identify the payment to the Seller before 11:00 a.m. CET.

Prodajalec sprejme vaš predlog za sklenitev Pogodbe o delnem nakupu, tako da v petih (5) delovnih dneh od Dneva plačila pošlje na vaš Račun stranke in/ali e-naslov potrdilo o nakupu (v nadaljnjem besedilu: "Potrdilo o nakupu"). Prodajalec ni obvezan sprejeti vašega predloga za sklenitev Pogodbe o delnem nakupu. Predlog se ne sprejme zlasti v primeru, če prodajalec sumi, da je namen predloga predvsem vaše špekuliranje v zvezi s ceno naložbene kovine, ali v primeru izrednih in nepredvidenih okoliščin, ki nastanejo neodvisno od Prodajalčeve volje (npr. naravne nesreče, virusne epidemije, oboroženi spopadi, splošne stavke itd.) in povzročijo občutno nihanje nakupnih cen naložbenih kovin na trgu. Če teža kupljene naložbene kovine po Pogodbi o delnem nakupu presega Največje odstopanje kupljene teže, se Pogodba o delnem nakupu ne sklene. Prodajalec kljub temu pošlje Potrdilo o nakupu na vaš Račun stranke in/ali e-naslov, pri čemer je potrdilo o nakupu v tem primeru novi, nepreklicni predlog prodajalca za sklenitev Pogodbe o delnem nakupu. Takšen predlog je sprejet, če pisno ne izrazite nestrinjanja s predlogom v največ 15 koledarskih dneh od datuma, ko prejmete Potrdilo o nakupu. Kot sprejetje predloga šteje tudi vsako naknadno plačilo, ki ga izvršite Prodajalcu, ali prevzem katerega koli Predmeta nakupa.

The Seller accepts your proposal to conclude a Partial Purchase Contract by sending confirmation of purchase to your Customer's Account and/or to your e-mail address within 5 Business Days of the Payment Day (hereinafter referred to as "Purchase Confirmation"). The Seller is not obliged to accept your proposal to conclude a Partial Purchase Contract. A proposal shall not be accepted primarily in the case that the Seller suspects that the purpose of the proposal is principally speculation on your part in relation to the price of investment metal, or in the case of extraordinary and unforeseen circumstances occurring independent of the will of the Seller (for example, natural disasters, viral epidemics, armed conflicts, general strikes, etc.) which cause significant fluctuation of the purchase prices of investment metals on the market. In the case that the weight of the purchased investment metal according to the Partial Purchase Contract exceeds the Maximum Weight Deviation, the Partial Purchase Contract is not concluded. However, the Seller will send Purchase Confirmation to your Customer's Account and/or to your e-mail address, whereby Purchase Confirmation is in such case the new, irrevocable proposal of the Seller to conclude a Partial Purchase Contract. This proposal is accepted if you do not express your disagreement with the proposal in writing within a maximum of 15 calendar days following the day on which you receive Purchase Confirmation. Any subsequent payment which you make to the Seller or the acceptance of any Subject-matter of Purchase is also deemed to be acceptance of the proposal.

V Pogodbi se zavežete, da boste izvrševali plačila samo iz sredstev, katerih dejanski lastnik ste. Prodajalec vas ima pravico v 10 Delovnih dneh od Dneva plačila pozvati, da dokažete izvor sredstev, ki ste jih uporabili za plačilo Nakupne cene Predmeta nakupa, in da to storite v razumnem roku, ki ga določi Prodajalec. Če v določenem roku ne dokažete, da je bila nakupna cena plačana izključno iz sredstev, katerih dejanski lastnik ste, ima Prodajalec pravico odstopiti od Pogodbe o delnem nakupu. V takšnem primeru vam Prodajalec v razumnem roku povrne plačano Nakupno ceno, zmanjšano za bančne stroške, povezane s prejemom plačila, stroške transakcije, povezane z nakazilom plačila v skladu z veljavnim Cenikom nadomestil in storitev, ter stroške, povezane z odstopom od Pogodbe o delnem nakupu.

In the Contract, you undertake to make payments only using resources of which you are the actual owner. The Seller is, within 10 Business Days of the Payment Day, authorised to call on you to prove the origin of the funds which you used to pay the purchase price of the Subject-matter of Purchase, and to do so within a reasonable time limit specified by the Seller. Should you fail to prove within the set time limit that the purchase price was paid solely from funds of which you are the actual owner, the Seller is authorised to withdraw from the Partial Purchase Contract. In such case the Seller will return the paid purchase price to you within a reasonable time limit, after deducting the bank charges associated with receiving the payment and the transaction charges associated with sending the payment according to the valid Price List of Fees and Services and the costs associated with withdrawal from the Partial Purchase Contract.

Skupna nakupna cena celotne teže enega kosa Predmeta nakupa je vsota nakupnih cen, ki jih plačate Prodajalcu v skladu s Pogodbami o delnem nakupu (po odbitku morebitnih plačil s Hrambnega računa ali dodatnih odbitkov s Hrambnega računa v skladu z vašo Pogodbo), po katerih ste v fazah kupili naložbeno kovino za izdelavo enega kosa Predmeta nakupa v skupni teži. Po plačilu celotne nakupne cene za skupno težo Predmeta nakupa imate pravico, da se vam predmet nakupa dostavi skladno z delom 21. teh informacij.

The total purchase price of the total weight of one piece of the Subject-matter of Purchase is the sum of the purchase prices which you pay to the Seller according to Partial Purchase Contracts (following the deduction of any payments from the Weight Account or further deductions from the Weight Account according to your Contract) at which you purchased the investment metal for the production of one piece of the Subject-matter of Purchase in its total weight in stages. After having paid the full purchase price of the total weight of the Subject-matter of Purchase, you have the right to the delivery of the Subject-matter of Purchase according to part 21. of this Information.

21. DOSTAVA PREDMETA NAKUPA | DELIVERY OF THE SUBJECT-MATTER OF PURCHASE

Če ste v celoti plačali nakupno ceno za vsaj en kos Predmeta nakupa – tj. količina kupljene naložbene kovine, ki ustreza vsaj enemu kosu Predmeta nakupa, je zavedena na vašem Hrambnem računu in od sklenitve te Pogodbe je minilo najmanj 12 mesecev ali od dostave prejšnjega kosa Predmeta nakupa je minilo 12 mesecev – lahko pozovete Prodajalca, da dostavi en kos Predmeta nakupa. Obenem morate plačati poštnino, embalažo in zavarovanje v skladu s Cenikom nadomestil in storitev, ki velja na dan poziva. Če ni drugače dogovorjeno, se poštnina, embalaža in zavarovanje krijejo s prodajo ustrezne količine naložbene kovine z vašega Hrambnega računa. Predmet nakupa se vam dostavi v največ 60 koledarskih dneh po izpolnitvi pogojev za dostavo Predmeta nakupa, razen če dostavo preprečijo izredne in nepredvidene okoliščine, ki nastanejo neodvisno od Prodajalčeve volje (npr. naravne katastrofe, virusne epidemije, oboroženi spopadi, splošne stavke, izredna zamuda Prodajalčevega podizvajalca itd.).

If you have paid the full purchase price of at least one piece of the Subject-matter of Purchase, i.e. a quantity of purchased investment metal which corresponds to at least one piece of the Subject-matter of Purchase is on record in your Weight Account, and a period of at least 12 months has passed since the conclusion of this Contract or 12 months since the delivery of the previous piece of the Subject-matter of Purchase, you may call on the Seller to deliver one piece of the Subject-matter of Purchase. You must at the same time have paid postage, packaging, and insurance according to the Price List of Fees and Services valid on the date of making the call. Unless agreed otherwise, postage, packaging, and insurance shall be covered by the sale of the corresponding quantity of investment metal from the your Weight Account. The Subject-matter of Purchase will be delivered to you within a maximum of 60 calendar days following fulfilment of the terms and conditions for the delivery of the Subject-matter of Purchase, unless delivery is prevented by extraordinary and unforeseeable circumstances which arise independent of the will of the Seller (for example, natural disasters, viral epidemics, armed conflicts, general strikes, extraordinary delay on the side of the subcontractor of the Seller, etc.).

22. NADOMESTILO PRODAJALCA | THE REMUNERATION OF THE SELLER

Prodajalec je upravičen do nadomestila za ureditev nakupov naložbenega zlata (v nadaljnjem besedilu: "Nadomestilo prodajalca za ureditev nakupov naložbenega zlata") nad nakupno ceno Predmeta nakupa. Informacije o znesku in izračunu Nadomestila prodajalca za ureditev nakupov naložbenega zlata so na voljo na spletni Strani Prodajalca, trenutni znesek tega nadomestila na dan predložitve teh informacij pa je naveden v delu 32. teh informacij. Nadomestilo prodajalca za ureditev nakupov naložbenega zlata se določi kot delež tekočega stanja teže naložbene kovine na vašem Hrambnem računu za vsak koledarski dan. Informacije, ki se nanašajo na Nadomestilo prodajalca za ureditev nakupov naložbenega zlata, so vam na voljo pred sklenitvijo Pogodbe. Nadomestilo prodajalca za ureditev nakupov naložbenega zlata plačate tako, da se stanje teže naložbene kovine na vašem Hrambnem računu stalno zmanjuše.

The Seller is entitled to remuneration for arranging purchases of investment gold (hereinafter referred to as "Remuneration of the Seller for Arranging Purchases of Investment Gold") over and above the purchase price of the Subject-matter of Purchase. Information about the size and calculation of Remuneration of the Seller for Arranging Purchases of Investment Gold is available at the Website of the Seller and the current size of such remuneration on the date of provision of this Information is found in part 32. of this Information. Remuneration of the Seller for Arranging Purchases of Investment Gold is set as a percentage for each calendar day of the current balance of the weight of investment metal in your Weight Account. Information to concern Remuneration of the Seller for Arranging Purchases of Investment Gold is available to you before concluding the Contract. You pay Remuneration of the Seller for Arranging Purchases of Investment Gold such that the balance of the weight of investment metal in your Weight Account is reduced on an ongoing basis.

Prodajalec je vedno upravičen do nadomestila prodajalca za ureditev prodaje naložbenega zlata (v nadalnjem besedilu: "Nadomestilo prodajalca za ureditev prodaje naložbenega zlata") po določeni odstotni stopnji realizirane vrednosti donosa, ko se izvede plačilo v kovini, plačilo v denarju ali prenos gramov. Informacije o znesku Nadomestila prodajalca za ureditev prodaje naložbenega zlata so na voljo na spletni Strani Prodajalca, trenutni znesek tega nadomestila na dan predložitve teh informacij pa je naveden v delu 32. teh informacij. Informacije, ki se nanašajo na Nadomestilo prodajalca za ureditev prodaje naložbenega zlata, so vam na voljo pred sklenitvijo Pogodbe. Nadomestilo prodajalca za ureditev prodaje naložbenega zlata plačate tako, da se stanje teže naložbene kovine na vašem Hrambnem računu ustrezno zmanjuše.

Za namene plačila s Hrambnega računa se tekoča vrednost Hrambnega računa (v nadalnjem besedilu: "Dejanska vrednost") izračuna na podlagi trenutnega cenika odkupa, ki je na voljo na spletnem mestu Prodajalca (v nadalnjem besedilu: "Cenik odkupa"), in sicer na način, podrobno opredeljen v nadaljevanju:

For the purposes of payment from the Weight Account, the current value of the Weight Account (hereinafter referred to as the "Actual Value") is calculated according to the current repurchase price list presented at the Website of the Seller (hereinafter referred to as the "Repurchase Price List") in the manner detailed hereunder:

- Za plačilo v naložbeni kovini se Dejanska vrednost Hrambnega računa izračuna kot Odkupna cena kovine trenutne količine naložbene kovine, ki je evidentirana na Hrambnem računu, v skladu s Cenikom odkupa, povečana za sorazmerni del Odkupne premije IBIS in sorazmerni del Odkupne premije iiplan® Gold skladno s trenutnim Cenikom odkupa, pri čemer ti sorazmerni zneski ustrezajo razmerju med trenutno količino naložbene kovine, ki je evidentirana na Hrambnem računu, in skupno količino naložbene kovine, vsebovano v enem kosu Predmeta nakupa.

For payment in investment metal, the Actual Value of the Weight Account is calculated as the Repurchase Metal Price of the current quantity of investment metal on record in the Weight Account according to the Repurchase Price List raised by a proportionate part of the IBIS Repurchase Premium and by a proportionate part of the iiplanGold® Repurchase Premium according to the current Repurchase Price List, whereby these proportionate amounts correspond to the ratio of the current quantity of investment metal on record in the Weight Account and the total quantity of investment metal contained in one piece of the Subject-matter of Purchase.

- Za plačilo v denarju se Dejanska vrednost Hrambnega računa izračuna kot Odkupna cena kovine trenutne količine naložbene kovine, ki je evidentirana na Hrambnem računu, in sicer v skladu s Cenikom odkupa brez dodatnih povečanj (tj. Dejanska vrednost se ne poveča za sorazmerni del Odkupne premije IBIS in sorazmerni del Odkupne premije iiplanGold®).

For payment in money, the Actual value of the Weight Account is calculated as the Repurchase Metal Price of the current quantity of investment metal on record in the Weight Account according to the Repurchase Price List without further increases (i.e. the Actual Value is not raised by a proportionate part of the IBIS Repurchase Premium or by a proportionate part of the iiplanGold® Repurchase Premium).

- Pro převod peněz nebo gramů investičního kovu na libovolné váhové konto iiplanRentier® nebo iiplanMax®, případně Váhové konto zřízené podle jakékoli jiné smlouvy než iiplanGold®, se Aktuální hodnota Váhového konta vypočte jako Výkupní cena kovu aktuálního množství investičního kovu evidovaného na Váhovém kontu dle Ceníku výkupu navýšená o poměrnou část Výkupní prémie IBIS bez dalšího navýšení o Výkupní prémie iiplanGold® (tj. Aktuální hodnota nebude navýšena o poměrnou část Výkupní prémie iiplanGold®).

Pro převod peněz nebo gramů investičního kovu na libovolné váhové konto iiplanRentier® nebo iiplanMax®, případně Váhové konto zřízené podle jakékoli jiné smlouvy než iiplanGold®, se Aktuální hodnota Váhového konta vypočte jako Výkupní cena kovu aktuálního množství investičního kovu evidovaného na Váhovém kontu dle Ceníku výkupu navýšená o poměrnou část Výkupní prémie IBIS bez dalšího navýšení o Výkupní prémie iiplanGold® (tj. Aktuální hodnota nebude navýšena o poměrnou část Výkupní prémie iiplanGold®).

Plačilo s Hrambnega računa se izvede tako, da uporabite Račun stranke (tako da izpolnite ustrezen obrazec in ga elektronsko podpišete), prek katerega Prodajalca pozovete k plačilu s Hrambnega računa. Poziv k plačilu s Hrambnega računa pomeni vaš predlog Prodajalcu za sklenitev Pogodbe o prodaji količine naložbene kovine, ki je evidentirana na hrambnem računu, ustrezeno glede na prodajno ceno, ki ste jo izbrali (v nadalnjem besedilu: "Pogodba o delni prodaji"). V pozivu k plačilu s Hrambnega računa izberete, ali naj bo plačilo izvedeno v naložbeni kovini ali denarju, navedete znesek Dejanske vrednosti Hrambnega računa, ki ga želite prejeti s prodajo naložbene kovine (v nadalnjem besedilu: "Prodajna cena"), in datum, ko naj se izvede prodaja naložbene kovine (v nadalnjem besedilu: "Datum prodaje"), ki ne sme biti prej kot dan po pozivu k plačilu s Hrambnega računa, razen če Prodajalec v določenem primeru omogoči prodajo na dan poziva.

Payment from the Weight Account proceeds such that you use the Customer's Account (by filling in the relevant form and signing it electronically) to call on the Seller to make a payment from the Weight Account. A call to make a payment from the Weight Account is your proposal to the Seller to conclude a contract on the sale of the quantity of investment metal on record in the Weight Account corresponding to the sales price which you have chosen (hereinafter referred to as a "Partial

Sales Contract"). You select in the call to make a payment from the Weight Account whether the payment should be made in investment metal or in money, state the amount of the Actual Value of the Weight Account that you wish to receive from the sale of investment metal (hereinafter referred to as the "Sales Price"), and state the date on which the sale of investment metal is to be made (hereinafter referred to as the "Sales Date"), which may not be earlier than the day following the call to make a payment from the Weight Account, unless the Seller makes it possible to make the sale on the date of the call in a specific case.

Cena naložbenih kovin je odvisna od gibanj na finančnem trgu, ki so neodvisna od Prodajalčeve volje. Količina naložbene kovine, prodane na podlagi Pogodbe o delni prodaji, se torej določi na Datum prodaje glede na Prodajno ceno, tj. glede na znesek Dejanske vrednosti Hrambnega računa na Datum prodaje, ki jo želite prejeti s prodajo naložbene kovine po Ceniku odkupa, veljavnom na Datum prodaje, pod pogojem, da teža prodane naložbene kovine ni več kot 10 % večja od teže te naložbene kovine, ki bi ustrezala prodajni ceni prodane naložbene kovine 5 Delovni dan pred Datumom prodaje (v nadalnjem besedilu: "Največje odstopanje prodane teže"). Vendar največje odstopanje prodane teže ne velja v primeru, če Datum prodaje nastopi na Delovni dan, ki je prej kot peti (5) Delovni dan od zadavnega poziva k plačilu s Hrambnega računa. Mogoča je neomejena prodaja manjše teže naložbene kovine, s čimer se izrecno strinjate. Glede na način določanja največjega odstopanja prodane teže morate redno (vsaj vsake tri (3) Delovne dni) spremljati dejansko ceno naložbene kovine v skladu s Cenikom odkupa in ste, če se ne strinjate s plačilom s svojega Hrambnega računa po dejanski ceni, obvezani spremeniti ali preklicati plačila s Hrambnega računa, ki ste jih naročili, vendar še niso bila izvedena. Teža prodane naložbene kovine se določi v gramih do šest decimalnih mest natančno.

The price of investment metals depends on movements on the financial market, which are independent of the will of the Seller. The quantity of investment metal sold through a Partial Sales Contract is therefore determined on the Sales Date according to the Sales Price, i.e. according to the amount of the Actual Value of the Weight Account on the Sales Date which you wish to receive from the sale of investment metal, according to the Repurchase Price List valid on the Sales Date, provided that the weight of the sold investment metal is not more than 10 % higher than the weight of such investment metal which would equate to the Sales Price of the sold investment metal on the 5th Business Day prior to the Sales Date (hereinafter referred to as the "Maximum Sold Weight Deviation"). However, the Maximum Sold Weight Deviation does not apply in the case that the Sales Date falls on a Business Day earlier than the fifth Business Day from the relevant call to make a payment from the Weight Account. A lower weight of investment metal may be sold without limitation, with which you expressly agree. In light of the method of determining the Maximum Sold Weight Deviation, you are obliged to regularly (at least once every 3 Business Days) monitor the actual price of investment metal according to the Repurchase Price List and, if you do not agree with the making of a payment from your Weight Account at the actual price, you are obliged to amend or cancel the payments from the Weight Account which you have submitted, but which have not yet been made. Determination of the weight of sold investment metal is done in grams, with accuracy to six decimal points.

Če izberete, da se plačilo Prodajne cene izvede v naložbeni kovini, se vam naložbena kovina dostavi v obliki zlatih palic, kovancev ali kompletov, ki jih prodajalec takrat ponuja (v nadalnjem besedilu: "Blago"), in sicer v vrednosti prodajne cene skladno s Cenikom nakupa, veljavnim na Datum prodaje. Ponovno ste dolžni plačati poštnino, embalažo in zavarovanje v skladu s Cenikom nadomestil in storitev, ki velja na Datum prodaje za namen dostave Blaga. Če ni drugače dogovorjeno, se poštnina, embalaža in zavarovanje krijejo s prodajo ustrezne količine naložbene kovine z vašega Hrambnega računa v mejah zadevne Pogodbe o delni prodaji, tako da se Prodajna cena poveča za poštnino, embalažo in zavarovanje pri izračunu količine prodane naložbene kovine. Prodajalčeva terjatev za plačilo cene kupljenega blaga z vaše strani in plačilo poštnine, embalaže in zavarovanja se poravna z vašo terjatvijo za plačilo Prodajne cene. Kupljeno Blago se vam dostavi pod pogoji, določenimi v delu 21. teh informacij. Lastninsko pravico do Blaga pridobite, ko plačate ceno zanj.

If you choose payment of the Sales Price in investment metal, the investment metal will be delivered to you in the form of the ingots, coins, or sets which the Seller is offering at that time (hereinafter referred to as the "Goods"), this at the value of the Sales Price according to the Purchase Price List valid on the Sales Date. You are again obliged to pay postage, packaging, and insurance according to the Price List of Fees and Services valid on the Sales Date for the purpose of delivery of the Goods. Unless agreed otherwise, postage, packaging, and insurance shall be covered by the sale of the corresponding quantity of investment metal from your Weight Account within the bounds of the concerned Partial Sales Contract, such that the Sales Price shall be increased by postage, packaging, and insurance when calculating the quantity of sold investment metal. The claim of the Seller to the payment, by you, of the price of the purchased Goods and to the payment of postage, packaging, and insurance is offset against your claim to the payment of the Sales Price. The purchased goods will be delivered to you under the terms and conditions specified in part 21. of this Information. You acquire the right of ownership to the Goods at the time at which the price of the Goods has been paid.

Če izberete, da se Prodajna cena plača v denarju, ste obvezani plačati tudi stroške transakcije, povezane z nakazilom plačila v skladu s Cenikom nadomestil in storitev, ki velja na Datum prodaje. Če ni drugače dogovorjeno, se stroški transakcije, povezani z nakazilom plačila, krijejo s prodajo ustrezne količine naložbene kovine z vašega Hrambnega računa v mejah zadevne Pogodbe o delni prodaji, tako da se Prodajna cena poveča za stroške transakcije pri izračunu količine prodane naložbene kovine. Prodajalčeva terjatev za plačilo stroškov transakcije, povezanih z nakazilom plačila, se poravna z vašo terjatvijo za plačilo Prodajne cene. Preostanek Prodajne cene se v 20 Delovnih dneh od Datuma prodaje plača na bančni račun, ki ga določite v ta namen.

Should you choose payment of the Sales Price in money, you are also obliged to pay the transaction charges associated with sending the payment according to the Price List of Fees and Services valid on the Sales Date. Unless agreed otherwise, the transaction charges associated with sending the payment will be covered by the sale of the corresponding

quantity of investment metal from your Weight Account within the bounds of the concerned Partial Sales Contract, such that the Sales Price will be increased by those transaction charges when calculating the quantity of sold investment metal. The claim of the Seller to the payment of the transaction charges associated with sending the payment is offset against your claim to the payment of the Sales Price. The remainder of the Sales Price will be paid into the bank account that you specify to this end, within 20 Business Days of the Sales Date.

Prodaja naložbene kovine za namen Plaćila v kovini ali Denarju se izvede na podlagi vašega predloga za sklenitev Pogodbe o delni prodaji. Prodajalec sprejme vašo ponudbo tako, da vam v petih (5) Delovnih dneh od dneva prodaje na vaš Račun stranke in/ali e-naslov pošlje potrdilo o prodaji (v nadalnjem besedilu: "Potrdilo o prodaji"). Prodajalec ni dolžan sprejeti predloga za sklenitev Pogodbe o delni prodaji. Če količina naložbene kovine, prodane na podlagi Pogodbe o delni prodaji, presega Največje odstopanje prodane teže, se Pogodba o delni prodaji ne sklene. Prodajalec kljub temu pošlje Potrdilo o prodaji na vaš Račun stranke in/ali e-naslov, pri čemer je Potrdilo o prodaji v tem primeru novi, nepreklicni predlog Prodajalca za sklenitev Pogodbe o delni prodaji. Takšen predlog je z vaše strani sprejet, če pisno ne izrazite nestrinjanja s predlogom v največ 10 koledarskih dneh od datuma, ko prejmete Potrdilo o prodaji, pri čemer se kot sprejetje predloga šteje tudi vsak naknaden prevzem Blaga, ki ste ga kupili. Če izberete, da se plačilo Prodajne cene izvede v denarju, morate v roku, določenem za sporočitev nestrinjanja, Prodajalcu vrniti tudi celotno Prodajno ceno (ali celoten del le-te, ki ga je Prodajalec plačal), če vam je že bila plačana v skladu z ustrezno Pogodbo o delni prodaji; v nasprotnem primeru se šteje, da je Pogodba o delni prodaji sklenjena. Pogodba o delni prodaji se ne sklene, če na datum prodaje na vašem Hrambnem računu ni zadostne količine naložbene kovine, da bi se lahko izpolnila Pogodba o delni prodaji.

The sale of investment metal for the purpose of Payment in Metal or Payment in Money proceeds on the basis of your proposal to conclude a Partial Sales Contract. The Seller accepts your offer in such a way that it sends you confirmation of sale to your Customer's Account and/or your e-mail address within 5 Business Days of the Sales Date (hereinafter referred to as "Confirmation of Sale"). The Seller is not obliged to accept a proposal to conclude a Partial Sales Contract. Should the quantity of investment metal sold through the Partial Sales Contract exceed the Maximum Sold Weight Deviation, no Partial Sales Contract is concluded. However, the Seller shall send Confirmation of Sale to your Customer's Account and/or to e-mail address, whereby Confirmation of Sale is in such case the new, irrevocable proposal of the Seller to conclude a Partial Sales Contract. Such proposal is accepted if you, as the Buyer, do not express disagreement in writing within a maximum of 10 calendar days from the date on which you receive Confirmation of Sale, whereby acceptance of the proposal is also deemed to be any subsequent acceptance of the Goods which you have purchased. Should you choose payment of the Sales Price in money, you must, within the time limit for expression of disagreement, also return to the Seller the full Sales Price (or the whole of the portion thereof paid by the Seller), if already having been paid to you pursuant to the relevant Partial Sales Contract; otherwise the Partial Sales Contract is deemed to have been concluded. A Partial Sales Contract is not concluded if there is an insufficient quantity of investment metal on record in your Weight Account on the Sales Date to be able to fulfil such Partial Sales Contract.

- predložite zahtevek za prenos prek Računa stranke (tako da izpolnite ustrezen obrazec in ga elektronsko podpišete). V zahtevku izberete količino prenesene naložbene kovine ali znesek Dejanske vrednosti Hrambnega računa, glede na katerega se določi ustreznna količina naložbene kovine, ki naj se prenese, in navede Hrambeni račun, na katerega naj se prenese naložbena kovina, ter datum, ko naj se izvede prenos naložbene kovine (v nadalnjem besedilu: "Datum prenosa"). Datum prenosa ne sme biti prej kot dan po dnevu, ko je bil vložen zahtevek za prenos, razen če Prodajalec v določenem primeru omogoči prenos na dan zahtevka.

You submit the request for transfer through the Customer's Account (by filling in the relevant form and signing it electronically). In the request you choose either the quantity of transferred investment metal or the amount of the Actual Value of the Weight Account whose corresponding quantity of investment metal is to be transferred and further state identification of the Weight Account into which the investment metal is to be transferred and the date on which the transfer of investment metal is to be made (hereinafter referred to as the "Transfer Date"). The Transfer Date may not be earlier than the day following the request for transfer, unless the Seller makes it possible for the transfer to be carried out on the date of the request in a specific case.

- Če v zahtevku izberete znesek Dejanske vrednosti Hrambnega računa, glede na katerega se določi ustreznna količina naložbene kovine, ki naj se prenese, se količina prenesene naložbene kovine izračuna na Datum prenosa. Cena se določi na enak način kot v primeru plačila v naložbeni kovini skladno z delom 23. teh informacij.

If you choose in the request the amount of the Actual Value of the Weight Account whose corresponding quantity of investment metal is to be transferred, the quantity of transferred investment metal is calculated on the Transfer Date. The price is determined in the same way as for payment in investment metal according to part 23. of this Information.

Prodajalec sprejme vaš zahtevek za izvedbo prenosa s Hrambnega računa, tako da vam v petih (5) Delovnih dneh od Datuma prenosa pošlje potrdilo o prenosu na vaš račun stranke in/ali e-naslov, kar ima za posledico sklenitev pogodbe o prenosu s Hrambnega računa (v nadalnjem besedilu: "Pogodba o prenosu s hrambnega računa"). Prodajalec ni obvezan ugoditi zahtevku za prenos in skleniti Pogodbe o prenosu s Hrambnega računa. Prenos naložbene kovine se ne izvede predvsem v primeru, če na vašem Hrambnem računu na Datum prenosa ni zadostne količine naložbene kovine za izvedbo takšnega prenosa.

The Seller accepts your request to make a transfer from the Weight Account by sending you confirmation of transfer to your Customer's Account and/or e-mail address within 5 Business Days of the Transfer Date, which results in the conclusion of an agreement of transfer from the Weight Account (hereinafter referred to as the "Agreement of Transfer from the Weight Account"). The Seller is not obliged to accommodate the request for transfer and to enter into the Agreement of Transfer from the Weight Account. A transfer of investment metal is not made primarily in the case that there is not a sufficient quantity of investment metal on record in your Weight Account on the Transfer Date for the execution of such transfer.

Količina naložbene kovine, ki je evidentirana na vašem Hrambnem računu, se zmanjša za preneseno količino naložbene kovine, količina naložbene kovine, ki je evidentirana na Hrambnem računu, ki ga določite za prenos, pa se poveča.

The quantity of investment metal on record in your Weight Account shall be reduced by the transferred quantity of investment metal and the quantity of investment metal on record in the target Weight Account specified by you for transfer shall be increased.

Pokud dojde k převodu investičního kovu z Váhového konta evidovaného Prodávajícím na základě jiné kupní smlouvy iiplanGold®, iiplanRentier® nebo iiplanMAX®, příp. v budoucnu na základě jiné smlouvy, která je evidovaná u Prodávajícího, na Vaše Váhové konto, bude o množství převáděného investičního kovu zvýšeno množství investičního kovu evidovaného na Vašem Váhovém kontu.

Pokud dojde k převodu investičního kovu z Váhového konta evidovaného Prodávajícím na základě jiné kupní smlouvy iiplanGold®, iiplanRentier® nebo iiplanMAX®, příp. v budoucnu na základě jiné smlouvy, která je evidovaná u Prodávajícího, na Vaše Váhové konto, bude o množství převáděného investičního kovu zvýšeno množství investičního kovu evidovaného na Vašem Váhovém kontu.

S plačili s Hrambnega računa ali prenosi je mogoče črpati celotno količino naložbene kovine, evidentirane na Hrambnem računu (tj. vrednost Hrambnega računa je lahko enaka nič), ne da bi prišlo do odpovedi Pogodbe.

It is possible, by way of payments from the Weight Account or transfers, to fully exhaust the quantity of investment metal on record in the Weight Account (i.e. the value of the Weight Account may be zero) without this leading to the termination of the Contract.

24. SPREMEMBE POGODEBE | AMENDMENTS TO THE CONTRACT

You must, at the same time, have paid by that time postage, packaging, and insurance according to the Price List of Fees and Services valid on the date of delivery of the call to deliver the Subject-matter of Purchase to the Seller, or on the date of payment of investment metal. The Subject-matter of Purchase or the Goods will be delivered to you within a maximum of 60 days following fulfilment of the terms and conditions for the delivery of the Subject-matter of Purchase or Goods, unless delivery is prevented by extraordinary and unforeseeable circumstances which arise independent of the will of the Seller (for example, natural disasters, viral epidemics, armed conflicts, general strikes, extraordinary delay on the side of the subcontractor of the Seller, etc.).

Posamezni kosi Predmeta nakupa ali Blaga, plačani na podlagi Plaćila v naložbeni kovini, vam bodo poslani na vaš poštni naslov, ki ga imamo v evidenci. Pošiljke so zavarovane. Individual pieces of the Subject-matter of Purchase or the Goods paid for on the basis of a Payment in investment metal will be sent to you to the mailing address which we have on record for you. Consignments are insured. A tax document is delivered together with the Subject-matter of Purchase or the Goods. The Seller sends notification of dispatch to you on the expedition date by sending such notification to your Customer's Account and/or e-mail address.

Kot kupec morate Prodajalcu predložiti točen poštni naslov, kamor se pošlje Predmet nakupa ali Blaga. Zavezuje se, da boste sprejeli poslani Predmet nakupa. Če ne izpolnите te obveznosti, vam bo Prodajalec Predmet nakupa poslal večkrat. Prodajalec je obvezan pošiljanje ponoviti dvakrat, vedno po plačilu poštnine, embalaže in zavarovanja z vaše strani v skladu s Cenikom nadomestil in storitev, ki velja na dan ponovne odpreme. Če ni drugače dogovorjeno, se poštnina, embalaža in zavarovanje krijejo s prodajo ustrezne količine naložbene kovine z vašega Hrambnega računa, ki se izračuna na enak način, kot je navedeno v delu 23. teh Informacij (tj. Prodajalčeva terjatev za plačilo poštnine, embalaže in zavarovanja se pobota z vašo terjatvijo za plačilo prodajne cene, ki ustreza količini naložbene kovine). Če določeni stroški odpreme niso plačani, lahko Prodajalec nadaljuje s ponovnim pošiljanjem Predmeta nakupa ali Blaga, vendar k temu ni obvezan.

You, as the Buyer, must provide the Seller with a correct mailing address to which the Subject-matter of Purchase or the Goods shall be sent. You undertake to accept the sent Subject-matter of Purchase or Goods. Should you fail to fulfil this obligation, the Seller shall send the Subject-matter of Purchase to you repeatedly. The Seller is obliged to carry out two such repeat dispatches, invariably following the payment, by you, of postage, packaging, and insurance according to the Price List of Fees and Services valid on the date of repeat dispatch. Unless agreed otherwise, postage, packaging, and insurance shall be covered by the sale of the corresponding quantity of investment metal from your Weight Account, calculated in the same way as in part 23. of this Information (i.e. the claim of the Seller to payment of postage, packaging, and insurance is offset against your claim for the payment of the Sales Price of the corresponding quantity of investment metal). If the specified costs of dispatch are not paid, the Seller may proceed with the repeat dispatch of the Subject-matter of Purchase or the Goods, but is not obliged to do so.

Če ne prevzamete Predmeta nakupa ali Blaga tudi po tem, ko vam je bil/-o poslan/-o tretjič, se vrnitev take pošiljke Prodajalcu šteje za vaš nepreklicni predlog za sklenitev Pogodbe o odkupu Predmeta nakupa ali Blaga v skladu z delom 27. teh Informacij, naslovljen na Prodajalca, pri čemer se kot Dan odkupa in datum predložitve predloga za sklenitev Pogodbe o odkupu v tem primeru šteje datum, ko se tako pošiljka vrne Prodajalcu. Prodajalec sprejme takšen predlog za sklenitev pogodbe s plačilom odkupne cene (po odbitku vseh stroškov transakcije, povezanih z nakazilom plačila po veljavnem Ceniku nadomestil in storitev), ki se nakaže bančni račun, s katerega ste nazadnje izvedli plačilo v zvezi s Pogodbo, ali na račun, ki ste ga pisno ali v spremembni Pogodbe sporočili Prodajalcu. Če do takrat Prodajalcu še niste plačali poštnine, embalaže in zavarovanja za ponovno pošiljanje po Ceniku nadomestil in storitev, veljavnem na datum odpreme, Prodajalec svojo terjatev poravnava z vašo terjatvijo za plačilo odkupne cene.

Češke republike, Civilni zakonik, ima potrošnik pravico odstopiti od pogodbe v 14 dneh, pri čemer ta rok začne teči na dan sklenitve pogodbe ali, v primeru nakupne pogodbe, na datum prevzema blaga. Določbe oddelka 1837 Civilnega zakonika opredeljujejo primere, v katerih kupec ne more odstopiti od pogodbe. V skladu z določbami oddelka 1837(b) ni mogoče odstopiti od pogodb o dobavi blaga ali storitev, katerih cena je odvisna od gibanj na finančnem trgu, ki niso odvisna od volje podjetja in lahko nastanejo med rokom za odstop od pogodbe.

In light of this fact, you do not, according to Section 1837(b) of Act No. 89/2012 Sb. of the Czech Republic, the Civil Code, as amended, have the right to withdraw from the Contract or from a Partial Purchase Contract, a Partial Sales Contract, or an Agreement of Transfer from the Weight Account.

Delivery will take place on the following business day after the carrier accepts the consignment to almost any commercial area in Europe. If the addressee is not reached at the address, another two delivery attempts will be made (3 attempts in total). In the event delivery is unsuccessful, the postman will leave a notification in the mailbox of the addressee (Delivery Notice) with contact information for customer service. The addressee will be informed about such unsuccessful delivery by e-mail as well. If UPS fails to deliver a consignment it will be returned to the sender.
